The standard bibliography is H. Cordier, "Bibliotheca Indosinica," publ. Leroux, Paris 1912, **BM** Ac.8814.e, **OII** 8.F.19. It is also in *TP* 1903-6 and *BEFEO* 1912-5.

As the notes in this book mention works only by shortened titles, the list below is unclassified and follows a purely alphabetical order for ease of reference. It does not include every work consulted but only those which are not sufficiently explained in the references ; thus under **DUROISELLE** will not be found his "Stone Sculptures in the Ananda Temple at Pagan" because the reference at p. 41 footnote 2 shows that this article appears in the 1913-4 issue of *ARASI*, which is explained below.

The numbers in brackets are the pages at which the work is cited.
